Hello again Kalino

Yes Monday will be fine to deliver a demo tape to all of the above for final approval. Please see initial response below. I will assume for now there are five arriving with the band and please also include your daughter(as the solo Tongan Dancer, total six) with two rooms required for accommodation with three beds in each room.

Once we have all that we can keep moving ahead, but all looks great.

Thanks again for your consideration

Don

Commodore Royal Nomuka Yacht Club.

Regatta

Good Morning Don and Marcus,

I have just read the two emails regarding the Tongan singers/dancers etc. I talked to Stacey Cook and Peter Busfield

(regatta organisers) before Xmas about the possibility of a live Tongan singing group doing background music and they feel that it would fit in well as there is an outside "beer garden" type area alongside the room where our function is taking place. Donnie, can you please liasse with Stacey directly as to exactly what she would like and the details. She and Peter have run the Millennium Cup Regattas for years and so really know how to make it work, and they felt that the music and perhaps a small dance group would go down very well.

Don, can you please confirm the exact numbers asap, as accommodation is very tight in Russel as it is peak holiday season. I am using a very good agent up
