To whom this may concern

Kaniva Band

I have worked alongside Kalino Latu and Kaniva Band for many years. We have served the community in providing entertainment for many cultural functions not only for our Tongan Community but other Pacific Island ethnics also.

I was the singer for Kaniva Band consistently for many years as I said before and continue to serve alongside them when occasions arise. This band has carried a lot of pride in serving out Pacific peoples in our communities by providing not only entertainment but education in a way of cultural knowledge through music.

I support the service the Kaniva Band continue to provide for the community and am happy to be a part of this service moving forward into the future.

Yours sincerely,

Melenau Lino
